Date: 24 April 2025

To:

All Certified Clients and Clients Under Certification for Food Product, Bhutan GAP, and Organic Certification (*List Attached*)

Subject: Informing Changes to ISO/IEC 17065-Based Certification System

Dear Sir/Madam,

Greetings from the Certification Services, Bhutan Food and Drug Authority.

We are writing to inform you about updates related to the Organic Certification Schemes in line with the ISO/IEC 17065 certification system.

Following the NABCB assessment conducted on March 10 –15, 2025, a non-conformity (NC BDF/A/SOA/2024/NC 04) was identified. As a result, the following certification schemes have been revised:

– **Organic Product Certification Scheme (DOC. BFDA-CS-02)**

These revisions include minor modifications across various clauses, particularly in Section 6.4 concerning non-conformities.

The updated documents can be accessed at the following links on the BFDA website:

- **Organic Product Certification Scheme** (<https://bfda.gov.bt/wp-content/uploads/2025/08/BFDA-CS-02-ORGANIC-PRODUCT-CERTIFICATION-SCHEME-Issue-6-on-22-April-2025.pdf>)

All certified clients and those currently undergoing certification are required to comply with these changes, effective from **22 April 2025**.

We appreciate your continued cooperation.

Yours sincerely,

Certification Manager
